

# Floor, Furniture and Surface Protectors for all Environments

- **Reduce maintenance costs**—Prevent floor damage from scratches and rust stains
- **Reduce noise** associated with moving furniture
- **Protect original furniture glides** from wear

## Savings from Installations

### Eliminate expensive floor replacement

A newly rented and renovated middle school quickly realized the VCT floors were no match for the wear from students' desks and chairs.

*"We could not have gone another year without replacing the tile. You could literally see that it looked like someone had taken sandpaper to the floor where the chairs were. The feet on the chairs were grinding into the floors, and you could see rust stains."*

—**Scott Pierce**, Custodian  
Wisconsin Lutheran Middle School

### Save up to \$6 per square foot per year in maintenance costs

A school's new STEM (Science Technology Engineering and Math) classroom was a source of pride until they noticed the brand new flooring was being torn up by the tables and chairs.

*"It took just two months for the students to go through eight coats of wax and begin scratching the floors. We installed Expanded Technology CasterTires and now it's hard to see any new wear to the floor. Without these floor savers we would have had to re-wax the floor two to three, maybe four, times during the school year. It's amazing how these small products can make such a huge difference."*

—**Kurt Jorgensen**, Director of Operations  
Union Grove High School

#### CasterTire™ Floor Savers®

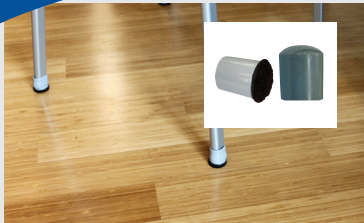

- Fits over existing hard plastic caster wheels
- Prevents floor damage and reduces maintenance costs
- Casters roll smoothly and quietly
- One size fits 1-1/4" - 2-1/4" plastic casters

#### Slip-Over® Floor Savers®

- Easier to install with our new tool, free with the purchase of 100 or 1000 piece units
- Protect floor surfaces from scratches and rust stains
- Help keep rooms quiet by reducing noise when moving chairs and tables
- Reduce furniture damage by alleviating stress on joints

## Turn over for more feedback

**Replacement Chair Tips**

- With or without felt to protect all types of floor
- Available in five sizes: ½", ⅝", ¾", ⅞", 1"
- Now available in black: ⅞", 1"
- Great for folding chairs and tables
- Easy to install, stays put without adhesive

**NEW Improved Wrap-Around™ Floor Savers®**

- Easy to apply
- Attaches to itself for longer lasting, improved hold
- Conforms to glide or rail to achieve a perfect fit
- NEW vinyl wear cushion distributes weight, causing less wear to pad and floor
- Apply over existing glide or around rail
- Perfect for stackable chairs

**Plus, Improvements in Learning**

**Change the learning environment**

*"After installing Floor Savers, the classroom environment greatly improved. It made teaching my classes much better, because I do not have to talk over the noise of chairs and stands. It helped the kids focus on their material!"*

—Ken Weile, Band Instructor  
Indian Trails High School

**More student confidence**

*"The Floor Savers make it much easier for the children to slide their chairs in and out when sitting down and getting up. This gives them more confidence and encourages better learning, because we are no longer struggling with moving our chairs. Many teachers use tennis balls, which can be bulky and can wear out or scratch the floors. The Floor Savers are a much better choice. I want to thank you for installing the Expanded Technologies Floor Savers in our 4k classroom here at Gifford Elementary. They have made quite a difference in our learning environment each and every day!"*

—Christine Staszak, 4K Teacher  
Gifford Elementary School

**NEW Improved Slip-On® Floor Savers®**

- Re-engineered to grab leg tighter with a passive locking system
- Lasts longer, more durable with reinforced sides
- Easier to install, harder to remove

**NEW Clear Sleeve™ Floor Protectors**

- Transparent sleeve blends in with most furniture
- Flexible sleeve securely forms to size and shape of chair or table leg
- Cushioned felt tip lasts longer than standard felt pads
- Perfect for hotels and restaurants

**Gripper® Doorstops "The Door Stops Here"™**

- Non-slip bottom now molded as part of the unit to increase durability and gripping power
- Durable commercial design
- Holds door in any position
- Non-slip bottom protects and grips any floor
- Convenient flexible hook allows for easy transport and storage
